

Level: Especially created for Secondary Education

Curriculum Links: Art and Design, Chinese Language, Art History, Chinese Culture

In the Ways of Seeing learning experience, we invite students to handle objects from our education collection, discuss ways of *seeing* and East Asian aesthetics. Students will create their own DIY sketch book with a theme of their choice.

Aims:

- To focus on drawing as a tool for looking.
- To explore imperfect, personal and creative drawing.
- To unlock a new way of understanding artefacts and the overall museum experience

At the Museum

You can combine the sketching activity with a loan box handling activity and/or a tour.

At your school

You can combine the sketching activity with a loan box handling activity and/or a workshop.

Booking information:

- Visit to the Museum with activity, tour and workshop: £3.00 per student
School visits to the Museums are available on Mondays
- Outreach activities: Whole day £250 or half day £150. Please note transportation costs are paid separately
